

Craig Paquin

Director

Sasco Contractors Ltd.

Craig is President of Sasco Contractors Ltd. After graduating from Simon Fraser University with a Bachelor of Business Administration, he began his career with Sasco as a Junior Estimator and Project Manager. In 2007 he became the General Manager, in 2009 he became a principal shareholder, and in 2012 he was named President. Sasco has been a longtime member of ECABC (28 years), and with offices located in Burnaby, Kamloops, and Victoria, Craig is able to represent the different voices of BC's electrical industry.

As a member of ECABC, Craig has served as a committee member of the ECABC-MCABC Subcontract Committee from 2015-2019, and presently sits on the Education and Training Committee. He also actively participates in regional Chapter Meetings and is passionate about community involvement.

Under Craig's leadership Sasco has been a strong supporter of local charities (including The Greater Vancouver Food Bank, BC Children's Hospital and Vivian's Place, to name only a few), and local Minor and community sports associations through Sasco's "Connected in the Community Program". Craig also helped implement Sasco's "Sasco Shares" program whereby employees of Sasco donate one hour of pay per year that is matched by Sasco.

As a newly-elected Director to ECABC's Board of Directors (September 2020), Craig looks forward to utilizing his leadership, communications and organizational skills.

We are thrilled to welcome Craig to the 2020-2022 ECABC Board of Directors.
