

Bill Strain

Director

Villa Electric (1980) Ltd.

Bill Strain is the owner and President of Villa Electric (1980) Ltd. an electrical contracting company. Villa Electric specializes in light industrial, commercial and residential design and wiring.

As well as being the owner of his own company, Bill sits as Chair on the Board of Directors and the Education & Training Committee for the Electrical Contractors Association of BC (ECABC). He is also a member of the Electrical Inspectors Association (EIA), Past Chair of the Electrical PAC for BCIT and the Past Chair of the Electrical Technical Advisory Committee (ETAC) for Technical Safety BC.

Prior to Bill's involvement with ECABC he was President of the Canadian Home Builders Association of Canada (head office in Ottawa).

Villa Electric became a member of ECABC in 2007 and Bill was invited soon after to sit on the board to ensure that open shop (non-union) members were well represented. Bill is very passionate about bringing forth educational opportunities for journeypersons and apprentices for all electrical contractors.
